

How to upload files to YouTube for KASOL application links

Supported YouTube file formats

Not sure which format to save your video? Receiving an "invalid file format error message when you're uploading"?

Make sure that you're using one of the following formats:

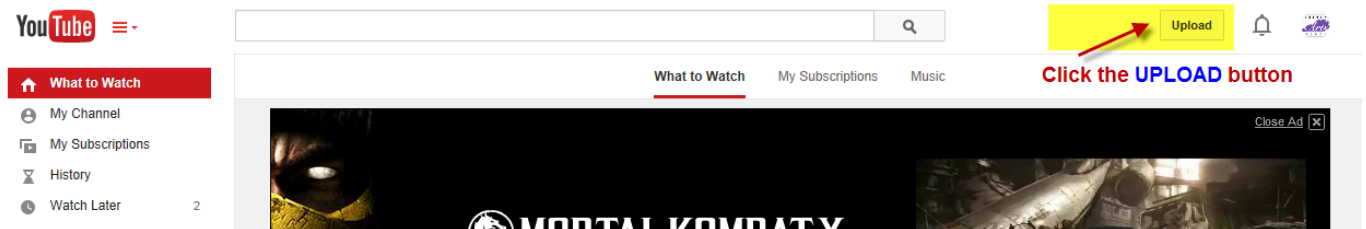

- .MOV
- .MPEG4
- MP4
- .AVI
- .WMV
- .MPEGPS
- .FLV
- 3GPP
- WebM

For more options on converting your file to one of the above formats, go to:

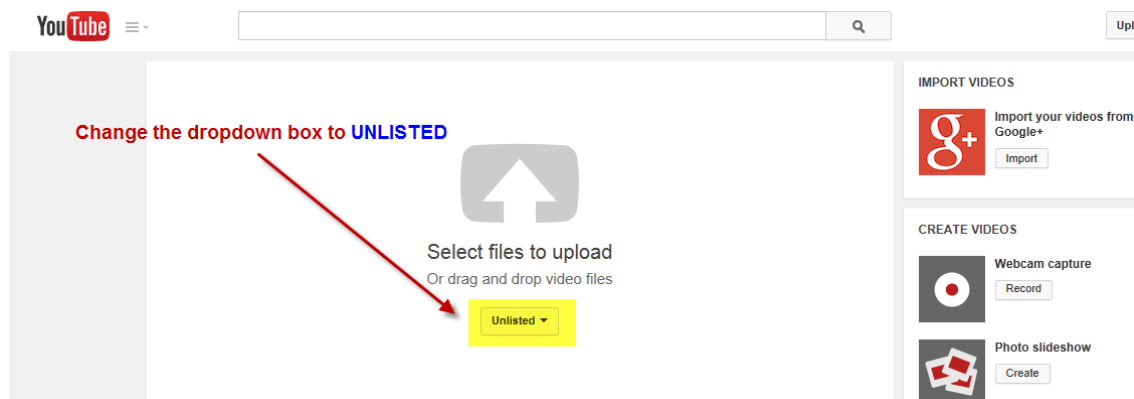

<https://support.google.com/youtube/troubleshooter/2888402?hl=en>

Step-by-step instructions

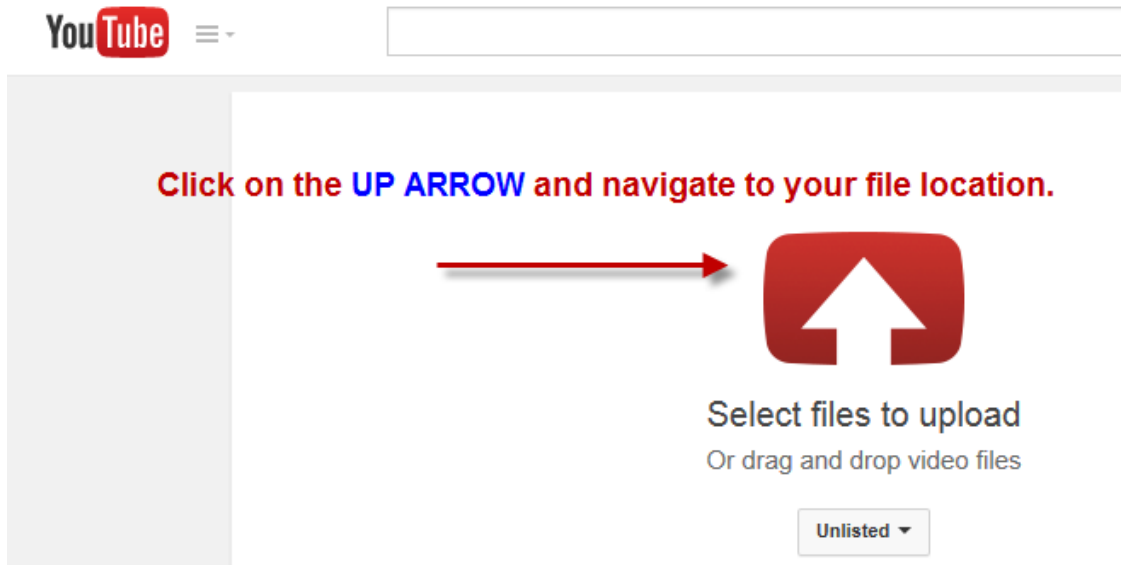

1. Go to <http://YouTube.com> and create a free account, if you do not already have one.
2. Once your account has been created, go to <https://www.youtube.com>, log in and click the **UPLOAD** button located in the upper right corner of the page.

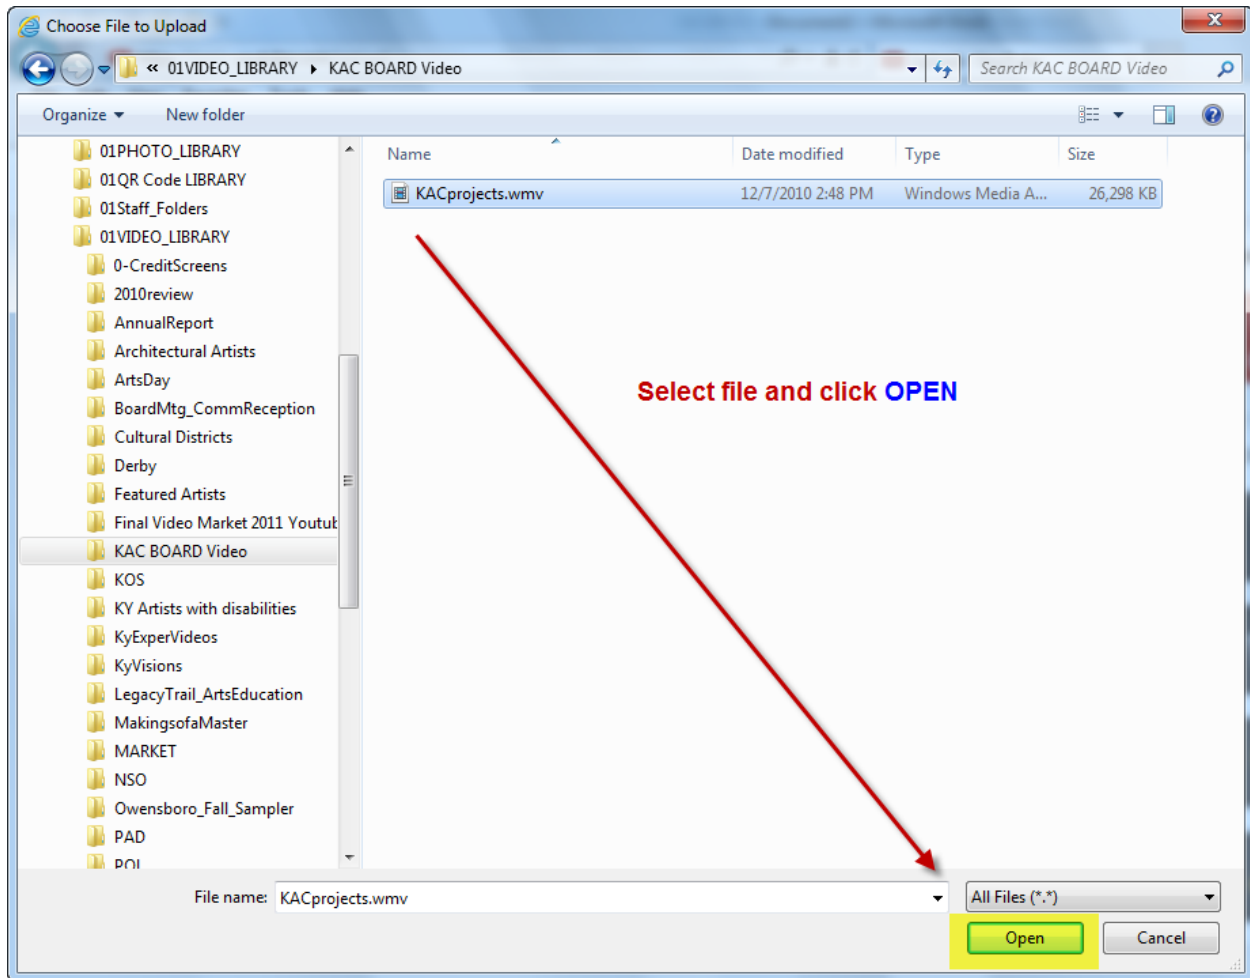

3. Change the dropdown box to **UNLISTED**.
By selecting UNLISTED, no one without the link will be able to view the video.

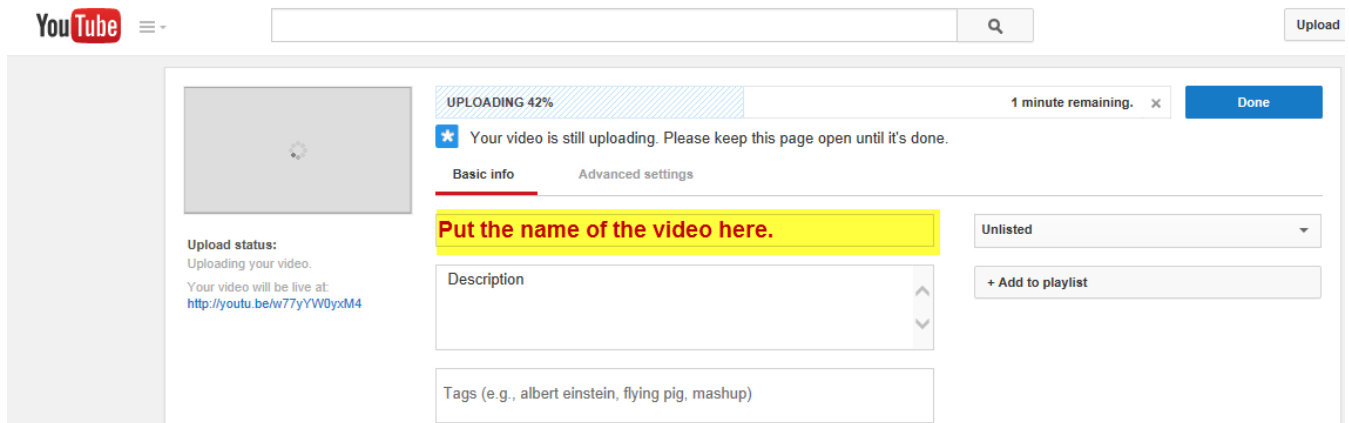

4. Click on the grey **UP ARROW**, which will turn to red when you mouse over it.

5. Navigate to the file that you want to upload and click **OPEN**

6. The file will begin uploading to YouTube.
Enter a name for the video in the highlighted box indicated below.

7. Once the video has finished uploading, you will get a message that it has completed along with a URL of where the video can be seen. This is the URL that you will include with your on-line application.
